- (No)SQL
- HTML/CSS
- Git

Education

2022 - 2025 **Grafisch Lyceum Rotterdam** Rotterdam, The Netherlands

Associate's Degree in Software Development

2020 - 2021 **Grafisch Lyceum Rotterdam** Rotterdam, The Netherlands

Associate's Degree in Intermedia/Multimedia

2016 - 2020 **Wateringse Veld College** The Hague, The Netherlands

Pre-vocational secondary education

Employment

2023 - current **Software Developer @ infs.world** The Netherlands

Created full-stack web applications for several clients using Next.js

2021 - current **Graphic Designer @ infs.world** The Netherlands

Brought creative ideas to life using After Effects and Photoshop. Made posters for colleges in the Netherlands and fraternities in the United States. Created motion graphics for crypto projects

2018 – 2019 **Head of Service Delivery @ Johnny's & O'Tacos** The Hague, The Netherlands

Optimized delivery speeds from couriers by setting up strategies that prevented stress and confusion during high workloads. Some examples are pre-packing orders and assigning routes so there is less preparation on the couriers end.
